BISAC: Business & Economics / Strategic Planning

In *Ultimate Strategy: The Art and Science of Strategic Business Planning for Innovative Start-Ups and Emerging Businesses*, best-selling author Norman David Roussell shares clear, concise and practical techniques to develop a one page strategic business plan designed to help any business grow and succeed. The goal of the book is to help start-ups, teams, managers and CEOs maximize the use of limited resources through an easy-to-follow, 12-step strategic business planning process. Refine your mission, vision and business model, improve accountability at every level of your company and gain buy-in from employees, clients and other valued stakeholders with a one page strategic business plan.

BISAC: Business & Economics / Small Business

Business certification applications can be tricky and certification programs can be difficult to understand. That is why I wrote the *Louisiana Business Certifications Guidebook*, a comprehensive, yet easy-to-understand, introduction to business certification programs available to Louisiana businesses. Business certification programs exist to level the playing field and give all businesses, including small, disadvantaged, minority, women-owned and veteran-owned businesses, an equal opportunity to bid, win and perform on government and private sector contracts.

BISAC: Business & Economics / Small Business

The *Construction Laborer Job Readiness Assessment* is a cognitive examination of the basic knowledge and skills required for an individual to work as a construction laborer or helper on any construction site. The assessment is designed to improve the process of recruiting, hiring, training and retaining quality low-skilled construction workers. The assessment was created to help contractors comply with the employment and training requirements of the U.S. Department of Housing and Urban Development's Section 3 program.

BISAC: Business & Economics / Personal Finance

Take control of your personal credit by exercising your legal right to clean up your credit and restore your good name. This book will teach you the incredibly easy step-by-step process for removing all derogatory items on your credit reports, even if they do belong to you! If charge-offs, repossessions, bankruptcies, judgments, late payments and collection accounts are preventing you from getting a new home or car, a business loan or credit card, you can succeed in repairing your credit with *Personal Credit Management*.

CONTRACTOR'S COLLEGE®

Contractor's College® is a comprehensive, award-winning construction business management training program curriculum created to help emerging construction firms compete in the highly competitive construction industry. Through the core curriculum, contractors are taught how to improve their businesses in the four major areas of consideration of lenders, project owners, prime contractors, insurance and surety companies: *Credit, Capital, Capacity and Credibility.*
